

INTEGUMENTARY SYSTEM TERMINOLOGY

epiderm/o- outer layer of skin

epidermis
epidermitis
epidermoma
epidermal/epidermic
epidermatoplasty
epidermodysplasia
epidermomycosis

derm/o- dermat/o- true skin

dermis
dermabrasion
dermalgia
contact dermatitis
actinic dermatitis
dermatologist
dermatology
dermatofibroma
dermatome
dermatosis
dermatosclerosis
dermopathy/dermatopathy
dermophlebitis
hypodermic
intra-dermal

cutane/o- cut/o- skin

subcutaneous

kerat/o- horny (tough), changes in skin cells

keratin
keratinization
keratoma
actinic keratosis

onych/o- nail

onychalgia
onychectomy
onychitis
onychocryptosis
onychodystrophy
onychomalacia
onychomycosis
onychophagy
onychotomy

ungu/a- nail

ungual
ungual phalanx

trich/o- hair

trichoclasia
trichocryptosis
trichoesthesia
trichomegaly
trichophagia
trichoschisis
trichorrhea

pil/o- hair

pilonidal cyst
pilous=hirsutism

sudor/o- sud/o- sweat

sudoresis = diaphoresis
sudoriferous glands

hidr/o- sweat

hidradenitis/ hidrosadenitis
hidradenoma
hidrocystoma
hidrorrhea
anhidrosis
hyperhidrosis

seb/o- oily (sebum)

sebaceous glands
seborrhea
sebum
seborrhagia

papill/o- nipple-like elevations of dermis

papillectomy
papilloma
papillary

pachy/ thick

pachyblepharon
pachyderma
pachyonychia
pachypodous
pachyrrhinc

rhytid/ wrinkle

rhytidectomy
rhytidoplasty

myc/o- fungus

mycosis
mycodermatitis
mycology
mycodermatitis
mycology
mycoid

xero/- dry

xerasia
xeroderma
xerocheilia
xeronosus
xerostomia

necr/o- pertaining to death

necrocytosis
necrology
necrologist

necromania
necronectomy
necrophobia
necrosis
