

Child Development

1. Describe any procedures witnessed.
2. Name two different items in the room and describe their relevance to the site.
3. List at least one thing done if the child is sick.
4. How is the daycare set up? What ages are there? From youngest to oldest, are all rooms the same? Describe.
5. How is each room set up to appeal to that particular age group?
6. What kind of activities do the children have at their disposal?
7. Name some equipment that promotes educational or moral values at site.
